Coverage  Includes

Medicare Supplement

A Medicare Supplement provides coverage for in-patient hospital, out-patient surgical, skilled nursing, doctor visits, x-ray labs, and much more.

Cancer/Heart/Stroke

Thanks to medical advances more and more people are surviving major catastrophic medical issues such as cancer, heart attack, and stroke. Unfortunately, it places a tremendous financial strain on the family. Cancer/Heart/Stroke (CHS) coverage protects your financial security and provides benefits for things like deductibles, prescriptions, rehabilitation, treatments not covered by existing insurance, your bills, your expenses, and lost wages. Lump sum benefit levels range from \$1,000 to \$50,000.

Short Term Care

Medicare does not pay for "Observation Days." Nor the follow up nursing care unless confined as an inpatient for at least three days. In addition, Medicare provides no coverage for Long Term Care. Short Term Care is a simple, affordable solution to cover these gaps in your Medicare plan.

Dental/Vision/Hearing

Dental insurance is not just important to help you look good, it's also important for good health. Regular cleanings are also essential to your physical health and quality of life. With Dental/Vision/Hearing plans priced lower than ever before, everyone can afford coverage.

Prescription Drug Coverage

Prescription drugs are the fastest growing costs in health care. Prescription Drug plans provides you with unparalleled control to customize coverage that's right for you.

Life Insurance

Life Insurance is a way to leave money behind for the people who depend on you for financial support. Funds can be used to pay for funeral costs, meet living expenses, or pay off any debts. Some plans also offer living benefits in the case of a critical illness while alive.

This chart shows the benefits included in each of the standard Medicare supplement plans.

*Plan F also as an option called a high deductible plan. This high deductible plan pays the same benefits as Plan F after one has paid a calendar year [\$2,180] deductible. Benefits from high deductible plan F will not begin until out-of-pocket expenses exceed [\$2,180]. Out-of-pocket expenses for this deductible are expenses that would ordinarily be paid by the policy. These expenses include the Medicare deductibles for Part A and Part B, but do not include the plan's separate foreign travel emergency deductible.

Additional Benefits

Teledoc 24/7 access to doctors by phone or video, at no additional charge.

Advocacy Healthcare is frustrating. Medical pricing and bills are confusing. Employees need someone to help. We provide you with an advocate to help you navigate the system.

Doctors Online You can get fast answers at no cost from specialists via email or app: including physicians, specialists, psychologists, dentists, dietitians, fitness trainers, and more.

Prescription Savings Medicare does not cover all prescriptions and costs are skyrocketing. We provide you with discounts of 10-85% to save out of pocket costs.
